# 1. GROUNDING, SPILLAGE & CLEANING

On July 27, 2003, the Greek tanker Tasman Spirit carrying 67,535 MTons of crude oil from Iran to Pakistan ran aground at the entrance to Karachi Port.

Apart from handling of numerous fire loss on various ships, we also handled on behalf of AMERICAN P&I CLUB, the incident of grounding and removal & delivery to consignees, of remaining 31,000 Metric Tons of Crude Oil after MT “TASMAN SPIRIT” broken in two pieces at Port of Karachi in 2003. We also monitored & assessed Oil Pollution, wreckage removal, cleaning of harbour & beaches in Karachi.

# 2. MARINE WARRANTY SURVEY

MWS was performed in 2012 on behalf of underwriter to ensure safe delivery of project cargo containing fragmented wind mills of various capacities in six project cargo vessels & then further transported to installation area in Jamphir, Sindh.
